

FIFTH EABCT MEETING ON OCD

Thursday 2nd June 2016-AFTERNOON

Scuola di Psicoterapia Cognitiva (SPC) is happy to offer a quite unique tour of Roman Assisi through the archaeological remains of a Roman Forum beneath the Piazza del Comune. Dating back to the 1st century, the Roman ruins can be accessed from the Museo Civico. The tour will start at 4.45 pm from the Museo Civico.

Dinner

For those who wish to partake, it will be possible to go out for supper together, which will be paid for by the delegates.

Friday 3rd June 2016-MORNING

8.30 Registration

9.00-9.20 Welcome to the participants

Barbara Barcaccia, chairperson of the EABCT sig on OCD, Francesco Mancini, SITCC past president, director of post-graduate specialization school APC-SPC, and Antonio Pinto, SITCC member and EABCT SIGs initiator.

9.20-9.40 Presentation and discussion

Presenter: MARCEL VAN DEN HOUT (THE NETHERLANDS)

Author: Marcel van den Hout, Evi-Anne van Dis

Not Just Right Experiences as ironic result of perseverative checking

9.40 -10.00 Presentation and discussion

Presenter: MICHAEL G. WHEATON (USA)

Authors: Michael G. Wheaton, Edna B. Foa, H. Blair Simpson

How important is the therapeutic alliance in treating obsessive-compulsive disorder with exposure and response prevention?

10.00-10.20 Presentation and discussion

Presenter: JESPER ENANDER (SWEDEN)

Jesper Enander, Erik Andersson, David Mataix-Cols, Linn Lichtenstein, Katarina Alström, Gerhard Andersson, Brjann Ljótsson, Christian Rück

Therapist-guided Internet-based cognitive behavioural therapy for body dysmorphic disorder: A single-blind randomised controlled trial

10.20 -10.40 Presentation and discussion

Presenter: ANDREA POZZA (ITALY)

Authors: Andrea Pozza, Sabrina Torniai, Davide Dèttore

Inferential Confusion moderates the effects of dissociative experiences on OCD symptoms severity in a clinical sample with Obsessive Compulsive Disorder

10.40-11.20 Coffee-break offered by SITCC

The fifth EABCT Meeting on OCD is under the aegis of the EABCT and SPC, and is sponsored by SITCC.

EABCT, European Association for Behavioural and Cognitive Therapies.

SITCC, Società Italiana di Terapia Comportamentale e Cognitiva, SITCC (*Italian Association of Behavioural and Cognitive Therapy*).

SPC, Scuola di Psicoterapia Cognitiva, post-graduate Specialisation School in Cognitive-Behavioural therapy.

Friday 3rd June 2016-MORNING

Position paper

11.20-12.00 Presentation and discussion

Presenter: REUVEN DAR (ISRAEL) Discussant: MARCEL VAN DEN HOUT

Author: Reuven Dar

The centrality of thought in OCD in light of the SPIS model

12.00-12.20 Presentation and discussion

Presenter: SAMUEL G. MYERS (ISRAEL)

Authors: Samuel G. Myers

Metacognitive beliefs about thoughts and rituals in OCD and obsessive-compulsive symptomatology: a review of the evidence

12.20-12.40 Presentation and discussion

Presenter: PATRIZIA D. HOFER (SWITZERLAND)

Authors: Patrizia Hofer, Andrew T.Gloster, Katja Beesdo-Baum, H.-U. Wittchen, Roselind Lieb

Obsessive-Compulsive disorder among adolescents and young adults: Results from the prospective longitudinal EDSP-study

13.00 Lunch

Friday 3rd June 2016-AFTERNOON

15.00-15.20 Presentation and discussion

Presenter: ASSAF SOREF (ISRAEL)

Authors: Assaf Soref, Amitai Abramovitch and Reuven Dar

Elevated Responsibility in Implicit Learning Task Impairs Otherwise Intact Performance of Participants with OCD

15.20-15.40 Presentation and discussion

Presenter: ANDREA POLI (ITALY)

Authors: Andrea Poli, Francesco Bulli, Claudia Carraresi, Simona Gelli, Gabriele Melli

Development and validation of the Self-Directed Moral Disgust Scale in a large Italian non-clinical sample

15.40-16.00 Presentation and discussion

KARINA WAHL (SWITZERLAND)

Karina Wahl, Yannik Rieder, Jonas Schmidt, Brunna Tuschen-Caffier

Emotion regulation in OCD: true deficits or beliefs about having deficits?

16.00-16.40 Coffee-break offered by SITCC

Friday 3rd June 2016-AFTERNOON

Position paper

16.40-17.20

Presenter: JONATHAN D. HUPPERT (ISRAEL) Discussant: ELIZABETH FORRESTER

Emotional processing and inhibitory models of exposure: competition or potential for integration?

17.20-17.40 Presentation and discussion

Presenter: ISAAC FRADKIN (ISRAEL)

Authors: Isaac Fradkin, Jonathan D. Huppert

Where did this thought come from? – Misattribution of authorship of thoughts in individuals with high obsessive-compulsive (OC) tendencies. Replication and extension

17.40-18.00 Presentation and discussion

Presenter: NUNZIA VALENTINA DI CHIARO (ITALY)

Authors: Paolo Cavedini, Nunzia Valentina Di Chiaro, Mara Bellotti, Claudia Carminati, Giuliana Salomoni, Daniela Caldirola, Giampaolo Perna

Cognitive remediation for obsessive-compulsive disorder: Improved response inhibition affects the behavioural outcome of the disorder

Saturday 4th June 2016-MORNING

9.30-9.50 Presentation and discussion

Presenter: JONATHAN D. HUPPERT (ISRAEL)

Authors: Jonathan D. Huppert, Asher Strauss, H. Blair Simpson and The New York State Psychiatric Institute and Columbia Medical Center, Edna B. Foa

What matters more? Common or specific factors in cognitive behavioral therapy for OCD: Therapeutic Alliance, Expectations, and Homework Compliance as Predictors of Treatment Outcome

9.50 -10.10 Presentation and discussion

Presenter: ESPEN ØVREHUS (NORWAY)

Authors: Espen H. Øvrehus, Anneli S. Martinsen, Bjarne Hansen and Gerd Kvale

Prevalence of personality disorders in patients with OCD and the effect on treatment outcome

Position paper

10.10-10.50 Presentation and discussion

Presenter: GRAHAM DAVEY (UNITED KINGDOM) Discussant: JONATHAN HUPPERT

Author: Graham Davey

OCD Research in the Lab: A Research Pathway for Psychological Models

10.50 Coffee-break offered by SITCC

Saturday 4th June 2016-MORNING

11.30-11.50 Presentation and discussion

Presenter: KRISTEN HAGEN (NORWAY)

Authors: Kristen Hagen, Stian Solem, Patrick A. Vogel, Leif Edward Ottesen Kennair, Bjarne Hansen

Therapist variability in the task/goal dimension of the early working alliance predicts outcome in exposure and response prevention treatment for obsessive-compulsive disorder

11.50-12.10 Presentation and discussion

Presenter: ELA OREN (ISRAEL)

Authors: Ela Oren, Naama Friedmann, Reuven Dar

Attenuated Linguistic Expressions of Agency in Individuals with High Obsessive-Compulsive Tendencies

12.10 -12.30 Presentation and discussion

NOR CHRISTIAN TORP (NORWAY)

Nor Christian Torp, Gudmundur Skarphedinsson

The importance of identifying responders at the “half-way” point in exposure-based CBT for paediatric OCD

12.50 Lunch

Saturday 4th June 2016-AFTERNOON

15.30-15.50 Presentation and discussion

Presenter: MARIT HAUSCHILDT (ISRAEL)

Authors: Marit Hauschildt, Steffen Moritz

A randomized-controlled trial of the self-help approach “My Metacognitive Training” for OCD

15.50-16.10 Presentation and discussion

Presenter: SANAÂ BELAYACHI (BELGIUM)

Authors: Sanaâ Belayachi, Martial Van der Linden

The cognitive heterogeneity of repeated checking: An explicit examination of the defective goal processing hypothesis across distinct checking profiles

Position paper

16.10-16.50 Presentation and discussion

Presenter: GIDEON E. ANHOLT (ISRAEL) Discussant: Michael G. Wheaton

Author: Gideon E. Anholt

Translational implications of understanding compulsions as habitual stimulus-driven behaviors

16.50 Coffee-break offered by SITCC

17.30-17.50 Presentation and discussion

Presenter: EILI N. RIISE (NORWAY)

Authors: Eili N. Riise, Solvei Harila Skjold, Hans J. Hansen, Bjarne Hansen, Lars-Göran Öst, Gerd Kvale

Brief and intensive treatment for adolescents with OCD

17.50-18.10 Presentation and discussion

Presenter: ASHER STRAUSS (ISRAEL)

Authors: Asher Strauss, Isaac Fradkin, Jonathan D. Huppert

Requesting information: Need for information vs. Need for reassurance in individuals with obsessive-compulsive characteristics

20.30 SOCIAL DINNER at Taverna dei Consoli

The fifth EABCT Meeting on OCD is under the aegis of the EABCT and SPC, and is sponsored by SITCC.

EABCT, European Association for Behavioural and Cognitive Therapies.

SITCC, Società Italiana di Terapia Comportamentale e Cognitiva, SITCC (*Italian Association of Behavioural and Cognitive Therapy*).
